In anticipation of the GLEE “Duets” episode I thought it might be fun to revisit some of my favorite duets of the 60s, 70s and 80s. Here are a few to wet your whistle:

**I've Got You Babe** (*Sony & Cher, 1965*)

**You Don't Bring Me Flowers** (*Neil Diamond & Barbra Streisand, 1978*)

**I've Had The Time Of My Life** (*Bill Medley & Jennifer Warnes, 1987*)

All three of these duets represent pivotal moments in my life. It's oddly unsettling how quickly the first few bars of a song can catapult me back in time.

What are your favorite duets?

Any duets from the 90s and 2000s that should be among the top duets of all time?

What say you, TBA readers?
